#BLACKAMERICACOUNTS

Black America Counts is an initiative with the Congressional Black Caucus Foundation Inc., and Fair Count. Our partnership aims to identify hard-to-count (HTC) communities across the nation in order to guide outreach and mobilization efforts to help increase census turn out.

**PERCENT OF HTC NEIGHBORHOODS**

- >1%
- 1-25%
- 26-50%
- 51-75%
- 76-100%

**HTC Counties with >25% of population with no Internet access or dial-up only**

**At Risk Non-HTC Counties with >25% of population with no Internet access or dial-up only and <25% POC**

**Hard to Count Communities:**

An HTC community is defined as a population at risk of being undercounted due to low return rates for the self-response questionnaire sent from the US Census Bureau and other factors.

Shaded counties on this map represent the percentage of the population that is hard to count.

---

**FEDERALLY FUNDED PROGRAMS AT RISK INCLUDE**
