CBCF programs include the Leadership Institute, which prepares the next generation to take its place in community service and policy development arenas. A variety of scholarship, internship and fellowship opportunities are open for support. Additionally, the Center for Policy Analysis and Research (CPAR) researches, analyzes and disseminates policy-related information critical to advancing Black Americans toward economic development, educational opportunity and health equity.

You may also choose to make a gift to CBCF's General Mission Fund, which allows CBCF to continue offering its hallmark programs to Black Americans nationwide.

LEADERSHIP INSTITUTE

CBCF CONGRESSIONAL FELLOWS PROGRAM

**SPONSORSHIP LEVEL
\$150,000 per Fellow**

The CBCF Congressional Fellows Program was launched in 1976 to address disparities in Black American employment on Capitol Hill. This 12-month fellowship enables participants to receive hands-on public policy training in congressional and committee offices as full-time legislative aides and policy analysts. Former and current fellows have focused on various disciplines, including education, agriculture, business, finance, environment, foreign policy, housing, labor, energy, science, technology, and health care. Your support enables CBCF congressional fellows to take part in policy briefings, roundtable discussions, seminars, and training sessions on policy and leadership.

LEADERSHIP INSTITUTE

CONGRESSIONAL INTERNSHIP PROGRAM

**SPONSORSHIP LEVEL
\$30,000 per Intern**

Established in 1986, the CBCF Congressional Internship Program provides leadership and professional development opportunities to college students from across the nation. Students selected to participate in this nine-to-twelve-week program learn about the legislative process and public policy careers. Interns work in CBC member offices, participate in professional development events, and take part in leadership training development arenas. Participants are provided with opportunities to learn the inner workings of Congress, explore public service and public policy careers, discuss current events and policy initiatives, and get a close-up look at leadership at its very best by working with and learning from members of Congress. Your support provides stipends, housing, and professional development for these students to work and learn as interns in the halls of Congress.

LEADERSHIP INSTITUTE

PATHWAY TO C-SUITE INTERNSHIP PROGRAM

**SPONSORSHIP LEVEL
\$30,000 per Intern**

In collaboration with Congressman Steven Horsford, starting in 2016, the CBCF launched a pilot program to expand the Leadership Institute internship program to include placements in the private sector. The program “Pathways to the C-Suite” will ensure our future leaders have an opportunity to interact with senior-level business leaders, explore multifaceted business challenges and build skills to prepare them for careers in corporate America. The purpose of the CBCF private sector internship program is to leverage the CBCF’s ability to engage more undergraduate and post-graduate Black American students in opportunities to experience public policy development and stakeholder engagement and influence beyond Capitol Hill. Benefits to the students will include housing, a competitive stipend, professional development courses, and networking opportunities. The primary goal is to provide internship opportunities with private sector organizations whose top priorities include diversity employment retention and internship-to-employment opportunities.

CBCF Scholarships

The need for assistance in paying for college remains critical, as the options for receiving financial support become ever more limited. CBCF scholarships provide funds to academically talented college students who intend to pursue or who are already working full-time toward undergraduate, graduate, or doctoral degrees.

Since its inception, the CBCF has awarded scholarships to more than 5,000 students throughout the nation. There are several different scholarships available to sponsor. Supporting the scholarship program places you at the forefront of making a difference in the lives of students across the country who otherwise might not have the opportunity to pursue higher education.

The CBCF awards more than 500 public service, public health, education, and arts scholarships annually to emerging leaders nationwide.

There is also the opportunity to establish a named scholarship fund - please contact the Resource Development team for more information.

PROFESSIONAL DEVELOPMENT SERIES (PDS) – CONNECTING INDUSTRY EXPERTISE WITH PUBLIC POLICY

\$60,000/3-hour session

The ALC attracts thousands seeking education and engagement in policy discussions. To meet this demand, CBCF created the Professional Development Series (PDS)—a “conference within a conference” designed to link professional expertise with the public policy issues that shape each industry.

Held on Day One of ALC, the PDS brings together professionals for industry-specific training, continuing education credits, and policy dialogue that directly impacts their work and communities.

Since its launch in 2015, the PDS has included partnerships with the educators, health care practitioners, and grass roots advocates. Through this growing initiative, attendees are able to advance their professional development and strengthen their role in shaping policy solutions in their respective industry fields.

CPAR FUTURE FOCUS SESSIONS

\$10,000 – \$100,000

During ALC, CBCF produces sessions on topics affecting the Black community consistent with its research and policy analysis. These sessions developed by CBCF's CPAR team tackle topics including health equity, economic equity, transportation equity, among other topics relevant to the Black community globally.

Speaking opportunities are available for CPAR sessions.

EVENT: ANNUAL LEGISLATIVE CONFERENCE

THIRD-PARTY WORKSHOPS

**\$25,000 Corporate or
\$20,000 Nonprofit rate**

In addition to conducting several braintrusts and issue forums during the ALC, the CBCF also invites sponsors to apply to host their own issue forums or workshops in conjunction with the conference. Hosting your own issue forum during the conference is a unique, high-visibility opportunity. Supporting the ALC in this way allows companies to engage the public by sharing and exchanging information and ideas on how to address the challenges facing underserved populations.

By sponsoring your own issue forum, you send a clear message that your organization is strongly aligned with CBCF's efforts to eliminate disparities for Black Americans.

Each potential sponsor must submit a detailed description of the proposed issue forum topic. Each application will be reviewed by CBCF to prevent subject matter duplication and to ensure that the proposed topics are aligned with CBCF's mission. Upon approval, CBCF staff will schedule your issue forum.

Your session will be included in the full ALC schedule and will be published on the ALC website agenda following its completed submission.

What's included:

Third-party sessions are 60 minutes. The sponsorship rate includes room fees/setup, A/V support, and inclusion on the master schedule.

COMMUNITY BREAKFAST AND HEALTH FAIR SPONSORSHIPS

\$25,000 – \$100,000

(MULTIPLE AND IN-KIND SPONSORSHIPS AVAILABLE)

For almost two decades, CBCF has hosted an annual Community Breakfast and Health Fair on Thursday during the ALC. Founded by the Congressional Black Caucus Spouses, this event takes a community approach to addressing policy issues, bringing onsite public support, valued services, and direct outreach to those in need. The morning offers services to more than 300 low-income families as well as men and women living in Washington DC and are in need of various preventive health care services. CBC members, CBC spouses, partner donors, and CBCF staff serve breakfast while community partners provide health screenings and resources providing a longstanding tradition of direct community involvement by CBCF partners and stakeholders.

ALC REGISTRATION HOST

\$250,000 (1 AVAILABLE)

The ALC registration is a unique opportunity to connect with all attendees over the five-day conference. Registration is required to receive all official conference materials, including registration badge, registration bag, and invitations to select CBCF events, including the CBCF Chair's Reception. Many of the sponsor packages include conference registrations, and all of the nearly 400 speakers at the more than 100 issue forums across the five-day conference must register. Traditionally, registration collateral includes a conference badge with a lanyard and a registration bag. Please be aware that there are printing and ordering deadlines associated with sponsorship of these materials. Early commitment is necessary to take full advantage of this highly visible branding and underwriting opportunity.

CORPORATE LOUNGE SPONSOR

The Corporate Lounge is adjacent to the Sponsor Suite, which serves as the Will Call service for the ALC's nearly 500 sponsors. The Sponsor Suite is used to distribute sponsor packages and tickets to guests. Corporate Lounge passes are traditionally offered as part of the corporate registration package and offer an opportunity to market and communicate to attendees before they visit the lounge. Working with the convention center staff and the foundation's experienced meeting planners, this space can be outfitted to create an informal networking and business environment for the attendees who support the conference. The ALC is one of the largest gatherings of Black American professionals anywhere, and it offers multiple opportunities to forge long-range business contacts and relationships. The Corporate Lounge offers the advantage of immediate brand awareness and visibility with a diverse mix of corporate and organizational sponsors. Please contact a member of the Resource Development team for more information on this special opportunity.

- **Check:** Please make all checks payable to "Congressional Black Caucus Foundation, Inc."
- **Credit card:** Please visit www.cbcafinc.org to donate by credit card.

Please consider the **recurring gift** option, which allows you to make a monthly contribution to the CBCF, easing the burden of a large donation by spreading it out over the entire year.

When you donate through the CBCF website, you can designate your gift for a specific CBCF program or to general mission support.

MATCHING GIFTS

Many companies have matching gift programs. If your company has such a program, the CBCF will complete the necessary documents so that you can double your gift.

Whether delivered in the form of goods, services or expertise, in-kind gifts offer a more accessible giving pathway that allows individuals, companies, and organizations to flourish, regardless of monetary restraints.
